ChinaAccess4EU Workshop

“Supporting EU Access to Chinese Research & Innovation Programmes”

A public workshop in Stuttgart on Wednesday 29th September

Hosted by Steinbeis-Europa-Zentrum

Location: Haus der Wirtschaft Baden-Württemberg

09h30 – 17h00

The workshop will focus on a review of current open major Chinese research programmes under MoST and NSFC for European research organisations (and others such as CAS, CSC, and opportunities from funding agencies in Hong Kong)

Success stories will be presented from European researchers who have participated in Chinese national research and innovation programmes

Networking, cooperation and partnering opportunities for European & China Science and Technology Cooperation will be facilitated!

The ChinaAccess4EU project will demonstrate its searchable database of opportunities for European institutions offered by Chinese research funding programmes

European researchers and research organisations and institutions with an interest in Chinese research and innovation programmes are welcome to join us!

Full Agenda to follow soon!
