

EUROPEAN
COMMISSION

European
Research Area

How can research contribute to sustainable development policy?

In the context of the AAAS Annual meeting in Boston,
the European Commission (Directorate General for Research)
and the US Environmental Protection Agency organise jointly
a 180 minutes symposium on:

“Interdisciplinary Research and Integrated Policy – Making for Sustainable Development”
with the participation of senior scientists and officials from both sides of the Atlantic

16 February 2008 at 8:30 am

Room 312 at Hynes Centre - Session number 180-106
